

Mary Maid of Wight

From out my life the joy be gone
And day has set in darkest night
For he has called my deary one
My Mary, to the realms of light
To worship with the angels bright
'Twas hard indeed that thou must go
Dear maid of mine from earthly sight
For Mary maid I loved you so.

Chorus:

*Ah! Mary sweetest maid in Wight
I never shall see again below
May we in heaven reunite
God! Mary, maid, I loved you so.*

Thou know'st best. Thy will be done
And what Thou do'st I suppose 'tis right
Tho' man be starved when left alone
To carry on the earthly fight.
Support me Lord in my sore plight
And help me bare this bitter woe
That grips and draws my hear strings tight
For Mary maid I loved you so. Ch.

Sweet maid of mine I loved and won
Sure thou wast gentle I voreright
Thou servest now at the Lamb's white throne
Up there above the starry height
With saints like thee in robes of white
And know'st what we cannot know
Till Heavenward our souls take flight
Ah! Mary Maid, I loved you so. Ch.
